

# HYGUARDO <sup>B</sup>

## Advantages:

- Medium late type with high grain and straw yield
- Orange wheat blossom midge resistant
- Good resistance against root and leaf diseases

## Cultivation:

Adapted for early sowing. Protection against fusarium advantageous

## Short profile:

---- = very low resistance/early/short,

++++ = very high resistance/late/long

### Plant Development

### Vitality

Winter hardiness high

Drought resistance high

### Quality
