

# SCORPION Yellow hulled

Yellow-hulled oat with premium quality

## Advantages:

- Yellow-hulled oat with premium quality
- Medium early variety with above average standing power
- Bold kernels, favorable for food industry
- Hectolitre weight medium to high, very good hullability

## Cultivation:

Use for industry as well as for the forage industry. Easy to be de-hulled. Suitable for all oat locations due to good adaptability. Late sowing tolerant.

## Short profile:

---- = very low resistance/early/short,

++++ = very high resistance/late/long

Straw maturity	unique									
Lodging resistance										
Mildew
